

TELIA YHTEYS PRICE LIST

With Telia Yhteys subscriptions you can use your phone or tablet device without worries even when travelling. The monthly charge of your subscription includes usage in all EU/EEA countries. The subscription operates in the high-speed 4G or 5G network, and it always includes unlimited surfing in Finland. You can select a carefree package solution for calls and messages or pay for them according to use. Please also check our topical special-price packages at telia.fi/yhteys (the site is in Finnish only).

Subscription packages

Per-day pricing for online access in the EU/EEA

Surf packages include the volume of data indicated in the table in the EU/EEA countries.

With Rajaton and Rajaton Lite subscriptions

Once the volume of data included in the monthly price of the surf package has been used, a charge of €1/day will be applied. The per-day price is charged only for the days when the Internet connection is used. In the EU/EEA, the per-day price includes 0.7 GB of high-speed data per day, after which the data transmission rate falls to 128 kbps. The rate returns to normal at the beginning of the next day (Finnish time). The per-day price for data is charged as megabytes used, each at €0.0036, until the €1 charge per day has been reached.

With Yhteys mukaan subscriptions

Once the volume of data included in the monthly price of the surf package has been used, a charge of €2/day will be applied. The per-day price is charged only for the days when the Internet connection is used. In the EU/EEA, the per-day price includes 1.5 MB of high-speed data per day, after which the data transmission rate falls to 128 kbps. The rate returns to normal at the beginning of the next day (Finnish time). The per-day price for data is charged as megabytes used, each at €0.0036, until the €2 charge per day has been reached.

Pricing of calls and messages

In addition to Finland, the pricing of calls and messages is valid in all EU/EEA countries. All call and text message prices are for normally priced Finnish phone numbers, not service or company numbers or other premium-rate numbers. The call pricing applies to calls and video calls. The message pricing applies to text messages and multimedia messages. You can call and text to Sweden, Norway, Denmark, Estonia, Latvia and Lithuania from Finland at domestic prices. Other international calls and texts from Finland according to the international price-list.

*Unlimited Internet for Finland, Sweden, Norway, Denmark, Estonia, Latvia and Lithuania.

**The subscription works also in the 5G network.

***You are entitled to a permanently affordable loyal customer's price for the Yhteys mukaan subscription, if you also have Telia's telephone subscription or broadband (Telia Prepaid, Telia Dot and mobile broadband excluded). In other cases the price of the subscription is subject to the listed normal price indicated in the table.

Search and directory services

Telia 0200 1000 Directory Service	
By calling 0200 1000	
• Call set-up charge	€ 2,50
• Service charge €/min	€ 4,00 + mcc/Inc
• Vehicle registration details	€ 1,50 / search

The call charge includes connecting the call and sending the details by text message. When the call has been connected, the normal call rates are applied. If your call is put through to a premium-rate company or service number, the applicable charge for that number applies to the connected call. The details of a maximum of three vehicles (1 vehicle = 1 search) can be disclosed during one call.

By sending a text message to 0200 1000

• A successful search, name and number details	€ 2,00 / search
• A failed search, name and number details	€ 0,14 / search
• An additional search, name and number details	€ 1,00 / search
• Vehicle registration details	€ 3,00 / search

Call forwarding

When you activate call forwarding from your phone, the activation is free of charge.
Call forwarding/transfer activated through Telia € 8,03

Call charges

- Call forwarding in Finland to a Telia mobile phone subscription or a fixed-line subscription is free of charge.
- Call forwarding to mobile phone subscriptions of other operators:
 - the call forwarder pays the call charge between their own subscription and the subscription receiving the call for the call made in accordance to their subscription type
- Call forwarding from Finland to a Telia subscription abroad:
 - forwarding is free of charge to the forwarder. Recipient pays the reception charge.
- Call forwarding from Finland to a number abroad:
 - the forwarder is charged the same price for the forwarded call as when making an international call to the country in question according to Telia's 990 price list.
- Call forwarding from abroad to Finland:
 - unconditional call forwarding to another Telia mobile phone subscription/your own Voice Mail is free of charge to the forwarder. Conditional call forwarding costs the reception charge and the call charge to Finland of the operator in question in accordance with the roaming price list.
- Call forwarding from abroad to abroad:
 - the person making an unconditional call forwarding is charged the Telia 990 call price to the country into which the forwarding was done.

Conditional call forwarding costs the reception charge and the call charge of the operator in question in accordance with the roaming price list.

International calls

When calling to abroad, Telia subscription customers will be charged an international call charge according to 990 pricing without a mobile phone fee. Customers of other operators placing calls charge according to their subscription type and the international call charge according to 990 pricing. The mobile call charge is the same as the call calls to abroad, the international call charge of the selected operator and the mobile call charge valid at that time will be charged.

By selecting the international prefix 00 or + (from a mobile phone) without a carrier ID, the calls are

automatically routed to the 990 network.

The subscription also includes normal-rate calls and messages from Finland to Sweden, Norway, Denmark, Estonia, Latvia and Lithuania (not to service numbers or premium numbers. Please note that the pricing for these countries applies only when using the following international prefixes: +, 00 or 990.

Mobile phone abroad

Calls and text messages abroad

The Yhteys subscriptions work in the EU/EEA area at domestic prices. The limitations related to data use are presented in the table of the price list. Receiving text messages is free of charge everywhere in the world.

In the EU/EEA area (price categories 1 and 2) the minimum charge for calls placed to Finland, the country of stay or other EU/EEA countries is the charge for 30 sec. After this, a per-second charge is applied. In price categories 3, 4 and 5, calls are charged per 30 seconds. Receiving calls in the EU/ETA area is free of charge, whereas in price categories 3, 4 and 5, calls are charged per 30 seconds.

The prices apply to normal-rate calls and messages, not to premium-rate calls or messages such as calls to service numbers. Multimedia messages are charged according to the volume of data transmitted and the data transmission charges.

Please note that abroad, the price for calling to local service numbers may vary from operator to operator, even when calling to the same service number, and calls are charged according to the price list provided to Telia by the local operator. In addition, service numbers that are offered free of charge to locals are not necessarily free of charge for Telia's customers.

Data transfer in the EU/EEA area (price category 1 and 2)

Yhteys subscriptions include data transfer in the EU/EEA area. See more in the subscription-specific price list.

Data transfer in price category 3 countries

Price group 3 countries are subject to charge per day. Data transfer costs €0.2480 per MB until the per-day charge is reached during calendar day. The charging interval is 1 KB.

Once the daily quota has been reached, you can order additional packages. Additional packages are charged for in full when they are ordered. The additional package remains valid until the end of the day (Finnish time).

Data transmission in countries of price category 4

A charge per day is applied in the countries of price category 4. Data transmission costs €0.99/MB until the per-day charge is reached during a calendar day (from midnight to midnight Finnish time). The charged unit is 50 kB.

Once the daily volume has been reached, you can order extra packages. Extra packages are charged for in full when they are ordered. The extra package remains valid until the end of the day (Finnish time).

Data transmission in countries of price category 5

In the countries of price category 5, data transmission costs €12.49/MB, and the charged unit is 50 kB.
