

## TELIA FINLAND OYJ - INTERCONNECTION PRICE LIST 1.4.2020

The prices are valid for operators which have an interconnection agreement with Telia Finland.  
The prices are also valid for traffic that goes via Telia to or from other networks in Finland unless there are operator/network specific prices presented in the Price List or in the Interconnection Agreement.

### Interconnection of Networks

Physical interconnection arrangements and connections are priced case by case based on an accepted offer or a case-specific agreement.

### Routing Services and Numbering

Opening and routing of Operator Prefixes, Service Number Ranges and Mobile Number Ranges	Price €
--	---------

Opening Charge, invoiced for each opened Prefix or Range	9800
--	------

Termination Prices are valid for domestic interconnection calls.

Pricing for Termination traffic from Abroad is handled according to Interconnection Agreement.

#### Company Information

Telia Finland Oyj  
Pasilan asema-aukio 1, 00520 HELSINKI, FI  
Registered office: Helsinki  
Business ID 1475607-9, VAT No. FI14756079

**Number Portability**

Telia pricing for number portability is done according to a price list and pricing principles which are presented in Suomen Numerot NUMPAC Oy's web page ([www.numpac.fi](http://www.numpac.fi)). Telia requires that all companies which have domestic interconnection with Telia use the same prices and pricing principles for number portability.

**Other Charges**

Other interconnection services than those already listed in this price list will be handled individually. The prices are based either on agreement between parties or Telia's written offer.

**Prices and Value Added Tax**

The prices in this Price List are presented without tax. All prices are subject to applicable taxes and other statutory charges. The Prices are subject to change.
