

Transfer agreement

By virtue of this agreement, the agreements on the services listed below that are signed by Telia Finland Oyj ("the supplier") and

Business ID

("the customer"), and the obligations, responsibilities and rights arising therefrom, are assigned to and assumed by

Business ID

("the assignee") in accordance with this agreement. The assignee has taken note of the terms of the Customer Agreement.

The customer and the assignee are jointly and severally liable for all payments and other obligations arising from the Customer Agreement that arose before the Customer Agreement was assigned to the sole responsibility of the assignee in accordance with this agreement. The assignee is solely responsible for any payments and obligations that arise after the assignment of the Customer Agreement.

The Customer Agreement is assigned at the latest within two (2) months from the conclusion of this agreement. The supplier will send the customer and the assignee a written notification of successful assignment without delay after the assignment. The supplier is under no obligation to carry out the assignment of the Customer Agreement on the date requested below or to make subsequent invoicing changes based on the assignment. The customer and assignee accept that the assignment procedure and other related procedures will be launched immediately after the conclusion of this agreement. At the same time the customer and the assignee accept that the procedures based on this agreement cannot be cancelled.

The assignee commits to making the set-up, activation, registration and other charges related to the Customer Agreement and its assignment in accordance with the applicable price list.
