

Telia Prepaid

Telia Prepaid subscription for €4.90 – includes €7 initial balance

- No authentication or invoices.
- A Telia Prepaid subscription can be converted to a post-paid subscription.
- €5 more balance for free for the first top-up.
- With a Prepaid plan, you can call, send SMS and MMS messages and surf.
- In addition to topping up your Telia Prepaid subscription, you can order surf and combination packages for it at telia.fi/lataa (in Finnish).
- For example, you can get 5G packages for the subscription.
- Additional months can be immediately topped up. A new period will always start when the previous period has ended.
- Works also in the Nordic and Baltic countries as well as selected EU countries (Spain, Germany, Greece, Italy and France).
- The package contains all SIM card sizes.
- Your plan will be valid for 6 months from the first day of use or 12 months from the latest top-up.

Commissioning

1. Scratch out the PIN code at the back of the SIM frame.
2. Remove the appropriate-size SIM card from the frame and insert it into your phone.
3. Start your phone and enter the PIN code.
4. Your Prepaid subscription is now ready to use.

Telia Prepaid

Telia Prepaid Netti (Prepaid Surf) subscription €19.90 – 31 days' unlimited internet use in Finland

- No authentication, no invoices.
- A Telia Prepaid Netti (Prepaid Surf) subscription can be converted to a post-paid subscription.
- €5 more balance for free for the first top-up.
- With a Telia Prepaid Netti (Prepaid Surf) subscription, you can also make calls and send text messages, as long as you have topped-up balance or purchased a combination package for the subscription.
- In addition to topping up your Telia Prepaid Netti (Prepaid Surf) subscription, you can order surf and combination packages for it at telia.fi/lataa (in Finnish).
- For example, you can get 5G packages for the subscription.
- The plan is ideal for tablets, smartphones and other internet-connected devices. The package also includes 21 GB of data in the Nordic and Baltic countries as well as selected EU countries (Spain, Germany, Greece, Italy and France).
- The package contains all SIM card sizes.
- The period begins when you access the Internet for the first time.
- Your plan will be valid for 6 months from the first day of use or 12 months from the latest top-up.
- Additional months can be immediately topped up. A new period will therefore always start when the previous period has ended.

Commissioning

1. Remove the appropriate-size SIM card from the frame and insert it into your phone. Turn on the power.
2. The device will connect to the network immediately because the subscription's PIN query is disabled by default.
3. If needed, you can activate the PIN query as instructed by your device manual. The default PIN is 0000, and it can also be found under the scratch-off surface of the SIM card frame.
4. The interface automatically includes 31 days of unlimited 4G network use at speeds of up to 100 Mbps, making it ready to use instantly.
