Per-day pricing for online access in the EU/EEA

Surf packages include the volume of data indicated in the table in the EU/EEA countries.

TELIA YHTEYS PRICE LIST

With Rajaton and Rajaton Lite subscriptions

Once the volume of data included in the monthly price of the surf package has been used, a charge of € 1/day will be applied. The per-day price is charged only for the days when the Internet connection is used. In the EU/EEA, the per-day price includes 1 GB of high-speed data per day, after which the data transmission rate falls to 128 kbps. The rate returns to normal at the beginning of the next day (Finnish time). The per-day price for data is charged as megabytes used, each at € 0.0022, until the € 1 charge per day has been reached.

With Yhteys mukaan subscriptions

Once the volume of data included in the monthly price of the surf package has been used, a charge of € 2/day will be applied. The per-day price is charged only for the days when the Internet connection is used. In the EU/EEA, the per-day price includes 2 GB of high-speed data per day, after which the data transmission rate falls to 128 kbps. The rate returns to normal at the beginning of the next day (Finnish time). The per-day price for data is charged as megabytes used, each at € 0.0022, until the € 2 charge per day has been reached.

Pricing of calls and messages

In addition to Finland, the pricing of calls and messages is valid in all EU/EEA countries. All call and text message prices are for normally priced Finnish phone numbers, not service or company numbers or other premium-rate numbers. The call pricing applies to calls and video calls. The message pricing applies to text messages and multimedia messages. You can call and text to Sweden, Norway, Denmark, Estonia, Latvia and Lithuania from Finland at domestic prices. Other international calls and texts from Finland according to the international price list.

International calls

When calling to abroad, Telia subscription customers will be charged an international call charge according to 990 pricing without a mobile phone fee. Customers of other operators placing calls with the 990 prefix will be charged the mobile call charge according to their subscription type and the international call charge according to the international call charge. The international charge price list is available at

<https://www.telia.fi/asiakastuki/hinnastot/soittaminen-ulkomaille>.

The mobile call charge is the same as the call calls to abroad, the international call charge of the selected operator and the mobile call charge valid at that time will be charged.

By selecting the international prefix 00 or + (from a mobile phone) without a carrier ID, the calls are automatically routed to the 990 network.

The subscription also includes normal-rate calls and messages from Finland to Sweden, Norway, Denmark, Estonia, Latvia and Lithuania (not to service numbers or premium numbers. Please note that the pricing for

TELIA YHTEYS PRICE LIST

these countries applies only when using the following international prefixes: +, 00 or 990.

Calls and text messages abroad

The Yhteys subscriptions work in the EU/EEA area at domestic prices. The limitations related to data use are presented in the table of the price list. Receiving text messages is free of charge everywhere in the world.

In the EU/EEA area (price categories 1 and 2) the minimum charge for calls placed to Finland, the country of stay or other EU/EEA countries is the charge for 30 sec. After this, a per-second charge is applied. In price categories 2B, 3, 4 and 5, calls are charged per 30 seconds. Receiving calls in the EU/EEA area is free of charge, whereas in

price categories 2B, 3, 4 and 5, calls are charged per 30 seconds.

The prices apply to normal-rate calls and messages, not to premium-rate calls or messages such as calls to service numbers. Multimedia messages are charged according to the volume of data transmitted and the data transmission charges.

Please note that abroad, the price for calling to local service numbers may vary from operator to operator, even when calling to the same service number, and calls are charged according to the price list provided to Telia by the local operator. In addition, service numbers that are offered free of charge to locals are not necessarily free of charge for Telia's customers.

VoLTE (4G) calls from abroad to premium-rate numbers

A service charge €/min will be charged for VoLTE calls made from abroad to Finnish service numbers, in accordance with the Service number, as is the case when calling from Finland, and a call fee €/min to Finland will be charged according to the price group of the country of visit.

A service charge €/min will be charged for VoLTE calls made from abroad to satellite numbers, in accordance with the satellite area code, as is the case when calling from Finland, and a call fee €/min to Finland will be charged according to the price group of the country of visit.
