

DISCOVERY+ STREAMING SERVICE DESCRIPTION

This service description tells you what your service contains. The service description is part of the agreement you made regarding a content product used in the discovery+ streaming service.

Subscribing

You can subscribe to the content product you want through Telia's sales channels, online service or Customer Service. The subscription and Service invoicing are subject to Telia's general delivery terms for consumer customers, which you can find at <https://www.telia.fi/toimitusehdot-ja-palvelukuvaukset>

You can subscribe to one or more content products in the offering, which puts emphasis on various sports and entertainment contents. The content service is subject to the terms of use of DEL's Service, which you can find at <https://www.discoveryplus.fi/kayttoehdot>

If this service description and/or Telia's general delivery terms for consumer customers conflict with the terms of use of DEL's service, this service description and Telia's general delivery terms shall primarily apply to the subscription and invoicing of the Service and the agreement concerning the Service.

An agreement on the Service arises when Telia has accepted the order. You will receive a separate order confirmation for each content product you subscribe to.

Set-up and use

After your order is processed, you will receive an order confirmation for the content product you have ordered. The confirmation contains the most important information and instructions related to your order. When you receive the order confirmation, the Service will be ready for you to use. In order to begin using the Service, you must first log in with your Telia account at <https://www.discoveryplus.fi/myaccount/products>. If you do not yet have a Telia account, you can create one at [telia.fi](https://www.telia.fi)

To use the discovery+ content product you subscribe to, you will also need a username and password for the Service. If you log in to the Service with your Telia account to identify your order, you must still log in to the Service with an existing username and password for the Service or create a new account in order to complete the ordering process. After your first login, you should always log into the Service using the username and password you created for the Service. The login instructions and a user guide are also available at www.telia.fi/discoveryplus

If you have forgotten the password to the Telia account that you need to begin using the Service, you can find instructions on resetting your password on the My Telia site at [telia.fi/kirjaudu](https://www.telia.fi/kirjaudu) and at [tv.telia.fi](https://www.telia.fi/tv). If you have forgotten the password to your account on the Service, you can reset your password on the login page for the Service at <https://www.discoveryplus.fi/myaccount/login>

The Service can be used with a computer by going to [discoveryplus.fi](https://www.discoveryplus.fi) and with the discovery+ app on a phone, tablet or smart TV.

The use of the Service requires a sufficiently fast internet or data connection. Any data fees incurred in using the Service are invoiced according to the agreement and pricing of the subscription and the operator you use.

To ensure the best user experience, see more detailed instructions, hardware requirements and recommendations for the Internet connection, applications and browsers at <https://www.discoveryplus.fi/info>
